PRZEGLĄD ODLEWNICTWA (Foundry Review)

– the only technical JOURNAL of the foundry industry, published by the Polish Foundry Association, which was founded 90 years ago.

The magazine publishes information from the foundry industry, but also from fields related to and cooperating with foundry industry. The articles are presented in several important sections, i.e. **Materials, Production and technology, Foundry management, Environmental protection, Digitalization, Industry 4.0, 3D Printing, Automatization.**

The Przegląd Odlewnictwa (Foundry Review) is also a source of **information about news from the domestic and foreign foundry markets.** Thanks to the publisher's cooperation with international foundry organizations, i.e. WFO and CAEF, as well as well-known industry portals, including: Foundry Planet, Foundry Review provides a variety of **reports and information about European and global foundry industry.**

In the Przegląd Odlewnictwa (Foundry Review) you will also find the **results of statistical research conducted by the Association** on foundry production for a given year.

Przegląd Odlewnictwa (Foundry Review) is the Media Partner of national industry fairs, i.e. ITM Industry Europe and Metal Fairs, as well as conferences, congresses and foreign fairs, e.g. Euroguss, Metef, GIFA, CastForge, World Foundry Congresses, and is present at almost all important industry events.

Przegląd Odlewnictwa (Foundry Review) is a **bimonthly magazine** that is redistributed to subscribers (approx. 250, including mainly Polish foundry plants), our supporting members (approx. 40; foundries and suppliers of materials, machines and equipment for foundries) and during foundry events domestic and foreign: conferences, fairs. The circulation of the magazine is 400 - 500 copies.

The Przegląd Odlewnictwa (Foundry Review) is **an excellent promotional tool for foundries, suppliers of materials, machines and devices, as well as innovative solutions for foundry.** We encourage you to publish promotional and technical articles and advertisements on its pages.

NEW – ON-LINE CATALOG!

THE CATALOG IS AVAILABLE ONLINE AT: WWW.STOWARZYSZENIE-STOP.PL

This year's updated edition of the Catalog of Polish Foundries and Foundry Suppliers will be available in June!

Last year, the Catalog featured **almost 700 entries**, including **over 350 foundries** divided into cast iron and cast steel foundries and non-ferrous metals and **over 330 various** suppliers for the foundry industry.

The Catalog of Polish Foundries and Foundry Suppliers 2024 met the great interest, especially among foreign enterprises, for which it was a source of information about the potential of the Polish foundry industry and was helpful in searching for potential contractors, producers and suppliers for broadly understood entities related to this industry.

The Catalog of Polish Foundries and Foundry Suppliers will be divided into the following categories:

- **IRON FOUNDRIES,**
- **STEEL FOUNDRIES,**
- **NON-FERROUS METALS FOUNDRIES,**
- **FOUNDRY MATERIAL SUPPLIERS,**
- **FOUNDRY MACHINERY & EQUIPMENT SUPPLIERS,**
- **FOUNDRY TOOLS SUPPLIERS,**
- **OTHER SERVICES SUPPLIERS.**
